

Südafrika

South Africa, the host of the 2010 FIFA World Cup, unites the whole world in one single country:

Huge mountain ranges, two deep blue oceans, endless white beaches, picturesque wine landscapes and a fascinating wildlife in unique game reserves meet vibrant metropolises. An excellent infrastructure, warm-hearted people and a colorful cultural mix. Thanks to the year-round temperate climate, there are countless opportunities for fascinating and unforgettable incentives in South Africa at any time of the year.

And: You will not have jet lag! Because South Africa is simultaneously with Germany in the summer and only one hour ahead in the winter!

Upon request, we will take over the complete organization including travel, on-site assistance, restaurant search, program suggestions, activities, transfers etc.

special highlights:

- ✓ welcome drink at the famous Table Mountain
- ✓ safari in the Kruger National Park
- ✓ overnight in a safari lodge in the middle of the national park
- ✓ entertainment in Sun City
- ✓ oldtimer tour to the Cape of Good Hope
